

UNIVERSITY OF ARKANSAS
Commencement

DECEMBER 21, 2013

BARNHILL ARENA • FAYETTEVILLE, ARKANSAS

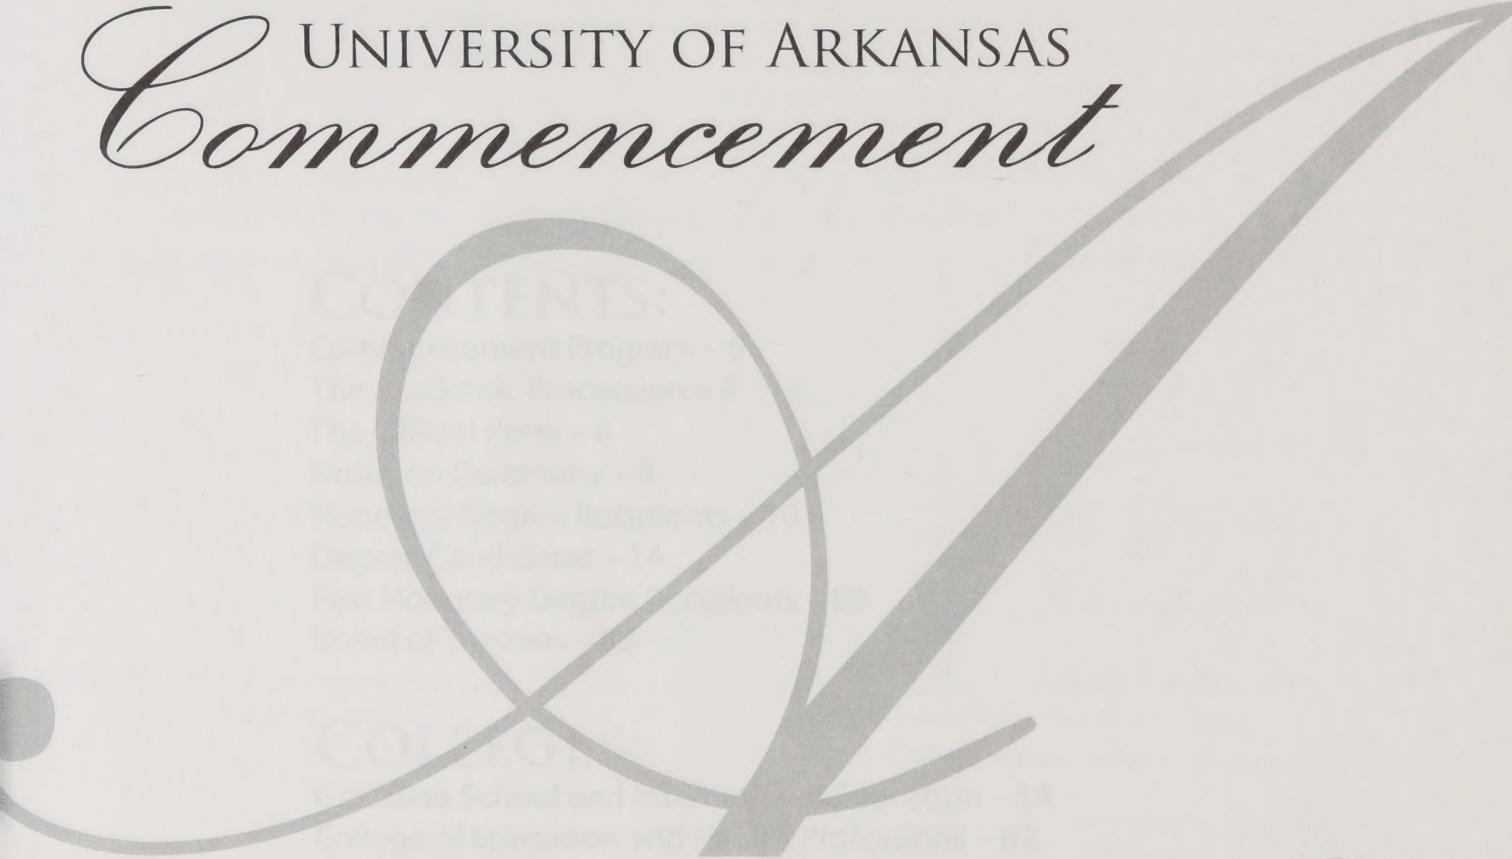

ALMA MATER

Pure as the dawn on the brow of thy beauty
Watches thy soul from the mountains of God
Over the Fates of thy children departed
Far from the land where their footsteps have trod.
Beacon of Hope in the ways dreary lighted;
Pride of our hearts that are loyal and true;
From those who adore unto one who adores us—
Mother of Mothers, we sing unto you.

We, with our faces turned high to the Eastward
Proud of our place in the vanguard of Truth,
Will sing unto thee a new song of thanksgiving—
Honor to God and the Springtime of Youth.
Shout for the victory or tear for the vanquished;
Sunshine or tempest thy heart is e'er true;
Pride of the hills and the white-laden Lowlands—
Mother of Mothers, we kneel unto you.

Ever the Legions of Sin will assail us,
Even the Battle in Cities afar;
Still in the depth will thy Spirit eternal
Beckon us on like a piloting Star.
Down the dim years do thy dead children call thee,
Wafted to sleep while the Springtime was new;
We, of the Present, thy Hope of the Future—
Mother of Mothers, we pray unto you.

THE UNIVERSITY MACE AND BATONS

The mace and batons are symbols of the authority and history of the University and are made from balusters from the original main staircase of Old Main, erected in 1875, the oldest University building now standing. The batons are carried by members of the faculty who are serving as marshals.

MARSHALS' GOWNS

The gowns worn by the marshals are of the traditional University color, cardinal red.

HONOR STOLES

White or cardinal stoles denote students who are candidates for

ACADEMIC REGALIA

The styles of gowns differentiate degree level. Trim of doctoral gowns indicates nature of degree (black or royal blue — Ph.D.; light blue — Ed.D.). Certain members of the faculty wear distinctive gowns and hoods authorized by their doctoral institutions. The lining of the hood denotes the color(s) of the institution awarding the degree. The official colors of the University of Arkansas are cardinal and white.

The color of the velvet band around the hood designates the academic degree of the wearer. Some examples are listed below:

Agriculture	Maize	Fine Arts	Dark Brown	Medicine	Green	Public Health	Salmon Pink
Architecture.....	Blue Violet	Forestry	Russett	Music.....	Pink	Science	Gold
Arts And Letters	White	Human Envi. Sci.....	Maroon	Nursing.....	Apricot	Social Science	Cream
Business And Bus. Admin.	Drab	Humanities.....	Crimson	Pharmacy.....	Solid Green	Social Work	Citron
Economics.....	Copper	Journalism.....	Crimson	Philosophy	Royal Blue	Speech.....	Silvery Gray
Education	Light Blue	Law	Purple	Physical Education	Sage Green	Theology.....	Scarlet
Engineering	Orange	Library Science	Lemon Yellow	Public Admin.....	Peacock Blue	Veterinary Science.....	Gray

University Honors. Cardinal represents Honors (cum laude) and white represents High Honors (magna cum laude). White stoles with cardinal and white cords represent Highest Honors (summa cum laude).

THE UNIVERSITY SONG

In 1909 a prize of fifty dollars was offered for the best poem relating to the University of Arkansas that should be capable of being set to music and used as a college song. Out of many entries, that of Mr. Brodie Payne, '1906, of Hot Springs won the prize. The words were set to music by Professor H. D. Tovey, Director of the Conservatory of Music and Art at the University.

THE UNIVERSITY SEAL

The Seal of the University of Arkansas is affixed to each diploma and is stamped in gold on each diploma cover. The central element in the Seal is the front entrance to Old Main, the oldest building on campus.

HONORARY DEGREE RECIPIENT

Sister Helen Prejean

Honorary Doctorate of Humane Letters, L.H.D.

Sister Helen Prejean first visited the University of Arkansas on May 11, 2011, to take part in a panel discussion on the subject "Turning Swords into Ploughshares: The Many Paths of Non-Violence." The panel included His Holiness the Dalai Lama and civil rights activist Vincent Harding. During the discussion, Prejean brought her practical and spiritual experience as an opponent of the death penalty to the broader discussion of

non-violence as a way of life.

Sister Helen is probably the best-known American advocate for ending capital punishment worldwide. She is the author of *Dead Man Walking: An Eyewitness Account of the Death Penalty in the United States* (1993), which spent 31 weeks on The New York Times best-seller list and has been translated into 10 languages. The book was adapted into a movie, an opera and a play for high school and college students.

Sister Helen was born in Baton Rouge, La. and is a member of the Congregation of St. Joseph. She spent her first years as a teacher before deciding to dedicate herself to working with the poor. She moved into the St. Thomas Housing Project in New Orleans and worked at Hope House from 1981-84. During this time, she was asked to correspond with a death row inmate, Patrick Sonnier, at Angola prison. She agreed and later visited him, eventually becoming his spiritual adviser. At the same time, she reached out to the families of his victims. She wrote *Dead Man Walking* after witnessing Sonnier's execution; in it she portrays the human complexity of capital punishment and makes the case that the death penalty is essentially immoral.

Sister Helen has continued her prison ministry, both counseling inmates on death row and the families of murder victims. She has accompanied six more men to their executions, and was convinced that at least two of these men were innocent. She wrote her second book, *The Death of Innocents: An Eyewitness Account of Wrongful Executions* (2004), to argue that flaws in the legal system make the death penalty unjust as well as immoral.

Sister Helen has been a member of several national and international organizations working to abolish the death penalty. She has been instrumental in helping to shape the Catholic Church's newly vigorous opposition to state executions. She travels around the world giving talks about her ministry, and she has been working for several years on her spiritual autobiography, *River of Fire: My Spiritual Journey*.

HONORARY DEGREE RECIPIENT

Frances James

Honorary Doctorate of Arts and Humane Letters, D.A.H.

Frances James is one of the most highly regarded ornithologists and ecologists of the past 50 years. She had recently earned her doctorate in zoology at the University of Arkansas and was working as a researcher at the University Museum in 1971 when she authored a research paper that is considered a classic in the field of avian ecology. She pioneered the use of complex statistical analysis, combined

with meticulous fieldwork and observation, to make discoveries into the relationships between birds and their habitats.

James developed her fascination with nature, and particularly with birds, as a girl growing up in the suburbs of Philadelphia. She earned a bachelor's degree in zoology from Mt. Holyoke College in 1952, followed by a master's in zoology from Louisiana State University in 1956. She moved to Fayetteville with her husband, Douglas James, and put her academic career on hold while raising three daughters. Still, during this time she was active in conservation projects and in studying the birds of Arkansas. In 1965, she decided to earn her doctorate. When she graduated in 1970 she was one of the first two women to earn a doctorate in zoology at the University of Arkansas.

In 1973, James moved to Washington to take a position with the National Science Foundation. She worked full time but also made time to continue doing research. In 1977, she joined the faculty at Florida State University as an associate professor of biological science and curator of birds and mammals. She earned a full professorship in 1984. She was a highly regarded teacher of undergraduate and graduate students, while continuing to pursue her research interests. In 2000, she was named the Pasquale Graziadei Professor of Biological Science, a position she has held as an emerita since her retirement in 2003.

During her retirement she has continued to do research – now focusing on the relationship between birds and dinosaurs.

James has authored or co-authored more than 150 scholarly papers. She was the first woman president of the American Ornithologist's Union and served as president of the American Institute of Biological Sciences. She received the highest awards given by the American Ornithologist's Union, the Ecological Society of America and the Wilson Ornithological Society.

She was elected to the American Academy of Arts and Sciences in 2000.

James was the first person to receive a Distinguished Alumni Award from the U of A department of biological sciences.
